

SC MATERIAL EXCHANGE

The SC Material Exchange (SCME) is a free online matchmaking tool that allows companies of all sizes to advertise hard-to-recycle materials and connect with recycling companies that can utilize the product. SCME helps businesses, industries, and other organizations divert waste from landfills and meet their sustainability goals.

- **Find markets for recoverable material** easily and responsibly.
- **Connect buyers and suppliers** of materials that are hard to recycle.
- **Help reduce waste** and repurpose scrap materials.

Get connected today to make an exchange! Help South Carolina build a circular economy.
